In JAKARTA FASHION WEEK 2027 presented by DEWI, WANDER .etc will be presenting their S/S27 collection, **“SOLACE”**. It is a homage to finding a way forward through continuous innovation, where textures and contrasts coexist, complexity meets tonality, and utility is guided by intention.

The S/S27 **“SOLACE”** silhouettes range from elevated everyday classics such as DAYS, Windfinder, to SUBTOWN, WANDER .etc’s reiteration of a deck shoe. The collection brings together a considered interplay of materials and silhouette, providing a grounded palette that is elevated through contrasts and material explorations, creating depth while maintaining WANDER .etc’s understated sensibility.
