3MONGKIS unveils its Spring/summer collection entitled Sleepwalking at Jakarta Fashion Week on Saturday, 28 November 2020.

The shift in the day-to-day lifestyle has inspired 3MONGKIS in creating Sleepwalking, a 24 looks collection which focuses on the balance between comfort and functionality. The brand aims to provide an answer to the current everyday wear dilemma by blurring the lines between loungewear and workwear. Sleepwalking is designed to be able to adapt to different activities and environments. With an array of muted colours, laid-back silhouettes, and layerings, there is no need for an outfit change during the day. 3MONGKIS is showcasing Sleepwalking collection for the first time at Jakarta Fashion Week (JFW) 2021, with Ayla Dimitri and Kallula as the muse. Last but not least, this show is supported by Lazada and hosted by Neea Elvira.
