

About the Collection

Multifaceted

Multifaceted adalah karya dari Vannisa Kusumah yang ditampilkan dalam acara Jakarta Fashion Week 2022 bersama dengan Islamic Fashion Institute

Terinspirasi dari seorang ENFP yang pergi merantau. Menurut test psikologi MBTI (Myers-Birggs Type Indicator) seorang ENFP (Extroverted, Intuitive, Feeling dan Perceiving) adalah orang yang menyukai kebebasan, kreatif, berempati tinggi, mandiri, dan penuh semangat. Ketika sedang merantau dan keluar dari zona nyaman seorang ENFP akan dituntut untuk menjadi seseorang yang mudah beradaptasi sampai dia merasa nyaman dimanapun dirinya berada.

Koleksi Ready To Wear Deluxe ini hadir dengan style casual retro dengan design transformable tetapi tetap nyaman dipakai, membuat siapapun yang memakainya bisa beradaptasi dimanapun dia berada. Siluet dalam koleksi ini berbentuk I, A dan O dengan detail lipit, ruffle dan sentuhan lukisan yang menggambarkan kebebasan dalam berekspresi, lalu bahan yang dipakai adalah katun, woll, organdi, baby canvas, mika, rib dan baby terry dengan ciri khas colorful pastel tone yang mencerminkan keceriaan dan kelembutan seorang ENFP.

About The Collection

Multifaceted

Multifaceted is a work from Vannisa Kusumah which is shown in the Jakarta Fashion Week 2022 event together with Islamic Fashion Institute.

Inspired by an ENFP who went abroad. According to the MBTI psychological test (Myers-Briggs Type Indicator) an ENFP (Extroverted, Intuitive, Feeling and Perceiving) is a person who likes freedom, is creative, highly empathetic, independent, and full of enthusiasm. When wandering and out of the comfort zone, an ENFP will be required to be someone who is easy to adapt to until she feels comfortable wherever she is.

This Ready To Wear Deluxe collection comes with a retro casual style with a transformable design but still comfortable to wear, making anyone who wears it adaptable wherever she is. The type of the silhouettes in this collection is I, A and O with pleated details, ruffles and a touch of painting which is portrayal freedom of expression, then the materials used are cotton, woll, organdi, baby canvas, mica, rib and baby terry with characteristic colorful pastel tones that reflect cheerfulness and the tenderness of an ENFP.

About the Designer

Vannisa Kusumah

Born in Bandung, Indonesia on December 2nd, 1995. Bachelor of Business and Management from Airlangga University majoring in Finance, but now she is changing her professions as a Fashion Designer and studying at Islamic Fashion Institute.
