

Jan Sober

Established in September 2009, Jan Angga designs timeless menswear pieces that are strong, robust, and never superfluous. Each piece is inspired by the stories and experiences, including any peculiar thoughts imagined during his travel. Each season is conceptualized from something new and ultramodern.

Proudly being a world-class local brand, Jan Sober aims to be a melting pot for the public, creators, and creative individuals to contribute and give back to the society. In this challenging times, along with other local brands, they hope to work and thrive together, in spirit of a sustainable and resilient Indonesia's creative industry.
